

On Tuesday we brought a toy to school. We shared and described our toy during 'circle talk'.

We made a magic turtle with Mrs Davidovic. We moved the turtle by using a magnet hidden under a piece of paper.

Mrs Both had plastic, string and cardboard. We made a parachute man and then tested him to see how well he could fly.

The Duplo was out in Mrs Nelson's room. We followed some instructions to make a racing car and a pushing machine. We went outside to race the cars.
